# About the Treasurer

**Riley Moore** is West Virginia’s 25th State Treasurer and was elected in 2020. Born in Morgantown, Treasurer Moore started his career as a welder. He received an undergraduate degree in Government and International Politics from George Mason University and a Master’s Degree in Strategic Security Studies from the National Defense University at Fort McNair.

For many years, Treasurer Moore served as a national security advisor to the Foreign Affairs Committee in the U.S. House of Representatives. He also worked as a contractor with the Department of Homeland Security. He most recently worked in the defense and aerospace industry at Textron.

In 2016 Treasurer Moore was elected to the West Virginia House of Delegates to represent the 67th District, which includes portions of Jefferson County – including Shepherdstown and his home in Harpers Ferry. He served in House leadership as an assistant majority whip and in 2018 he was named the incoming Majority Leader of the House of Delegates. In one term Treasurer Moore sponsored 24 bills that became law that were aimed at protecting individual freedoms, making West Virginia a better place to do business, and ensuring government works for you.

Treasurer Moore took office in January 2021 and immediately went to work with the focus to make the office more modern, transparent, and accountable. In his first term, he reduced the size of the GR Budget by 5 percent and returned \$15 million to taxpayers. During the 2021 Legislative Session, he championed nine bills which became law. One of his top priorities was the Jumpstart Savings Plan, which allows individuals who wish to pursue a vocation or trade to make tax-free contributions to a savings and investment account that can then be used to help cover business startup costs, equipment, tools, certifications, and licenses needed for their occupation. His inspiration for the bill came from his own experience as a welder.

He and his wife, Mina, reside in Harpers Ferry with their three children.

*State Treasurer Riley Moore and his wife Mina accepted a helmet at a West Virginia University football game on behalf of his Office’s SMART529 program on November 20, 2021.*

# About the Office

**The Office of the West Virginia State Treasurer** was established at the Constitutional Convention held in Wheeling in 1863 after the western counties of Virginia split to become West Virginia. The Treasurer's Office is one of six constitutionally mandated offices in West Virginia. While the West Virginia Constitution establishes the Office, the functions of the Office are outlined in various sections of West Virginia Code.

The State Treasurer is the chief financial officer for the state and is responsible for overseeing the cash management of West Virginia's government. These duties include receiving and disbursing state funds; filing and retaining all paid checks and various bonds issued by the state; collecting the crime victim's compensation, law enforcement training, regional jail authority and litter control fund fees; disbursing coal, oil and gas severance taxes, liquor taxes, wine taxes and the fire and casualty insurance premium tax to local government subdivisions; issuing quarterly and annual reports of all state debt; providing safekeeping services; and handling various other banking and accounting functions that deal with state finances.

The State Treasurer is a member of the major financial decision-making boards throughout state government. These boards make decisions that affect all aspects of West Virginia's fiscal policies. Treasurer Moore serves as chairman of the Board of Treasury Investments, the Board of Trustees of the West Virginia College and Jumpstart Savings Programs, and the West Virginia Hope Scholarship Board. Other board memberships include: Agricultural Land Protection Authorities Board of Trustees; Board of Public Works; Board of the School Fund; Consolidated Public Retirement Board; Council of Finance and Administration; Enterprise Resource Planning Board; Higher Education Student Financial Aid Advisory Board; Hospital Finance Authority; Housing Development Fund Board of Directors; Investment Management Board; the Lending and Credit Rate Board; the Municipal Bond Commission; the Purchasing Card Advisory Committee; the Special Reclamation Fund Advisory Council; the Tobacco Settlement Finance Authority; and the West Virginia Economic Development Authority Board of Directors.

The bill was unanimously passed by the Legislature.

## Defending West Virginia Energy Jobs

- In November 2021, Treasurer Moore led a **15-state coalition of state financial officers** who have committed to scrutinize or potentially curtail future business with banks that adopt corporate policies to cut off financing for the coal, oil and natural gas industries.
- On January 17, 2022, Treasurer Moore announced the Board of Treasury Investments would **divest roughly \$8 billion from BlackRock Inc.** This is due to the firm's push to embrace "net zero" investment strategies that would harm the state's coal, oil and natural gas industries.
- A bill Treasurer Moore proposed to lawmakers, **Senate Bill 262**, passed the West Virginia Legislature on March 12, 2022. This bill prevents state agencies from entrusting billions of taxpayer dollars to banks engaged in boycotts of traditional energy companies.

# Debt Management

One of the most important measurements of debt for a state, city, county or any other municipal bond issuer is the amount of outstanding net tax-supported debt. The State of West Virginia ended fiscal year 2022 with a net tax-supported debt of \$2.91 billion. This reflects an increase of approximately 3.4% from June 30, 2021, when the net tax supported debt totaled \$2.81 billion.

**Net Tax-Supported Debt by Type**

**Net Tax Supported Debt Outstanding at June 30**

## General Obligation Bonds as of June 30, 2022

	Principal Outstanding	Number of Issues Outstanding	Final Maturity
Roads to Prosperity	\$1,533,690,000	7	June 1, 2046
Safe Road Bonds	\$55,650,000	1	June 1, 2025
Infrastructure Improvement Bonds	\$96,577,628	4	November 1, 2026

Approximately \$1.69 billion of West Virginia’s \$2.91 billion in outstanding net tax supported debt as of June 30, 2022, consisted of General Obligation (GO) bonds. Previously, the State of West Virginia has issued GO bonds for road construction, school construction, veterans’ bonuses and infrastructure development. All these GO bonds carry a pledge of the state to levy taxes if funds are insufficient to meet debt service. Outstanding GO bonds include roads bonds and infrastructure improvement bonds.

West Virginia Infrastructure & Jobs Development Council	\$48,036,882	N/A	1	July 1, 2034

Approximately \$1.1 billion or net \$710k of the State of West Virginia's \$2.91 billion in outstanding net tax supported debt as of June 30, 2022, consisted of revenue bonds. A revenue bond is typically supported by the revenue from a specific project. For example, a bond issue for dormitory renovations at a college or university may be supported by certain student fees. The revenue bonds included in net tax supported debt are unique since the revenue source for repayment of the bonds is not tied to a specific project directly linked to the bond issues. The issuing authorities included in this section are the Economic Development Authority, the Higher Education Policy Commission, the School Building Authority, and West Virginia Infrastructure & Jobs Development Council.

# Cash Management

*The Cash Management Division of the West Virginia State Treasurer's Office processes all state receipts and disbursements. Some duties of this division include performing bank reconciliations, establishing a daily cash position, managing the eCommerce system, processing electronic fund transfers, collecting and depositing state revenue, and overseeing the disbursement of state checks. In all, Cash Management oversees approximately \$20 billion in state government receipts on an annual basis.*

**Agency Revenues** - Revenues collected by a state agency are deposited with the State Treasurer's Office for credit to the agency's appropriate account.

## The various methods of accepting deposits include:

**Direct Deposits/Payments to the state by ACH** - The federal government, large dollar tax payers, and various businesses make payments by sending a direct deposit to the state's bank account. The Treasurer's Office will also debit individuals and collect monies for most large agencies.

**Wire Transfers** - Large dollar items can be transmitted to the bank by using wire transfers. This allows the funds to be deposited instantaneously.

**Credit Card Payments** - The state collects credit card payments in person with payment terminals and over the internet for many of the state agencies and schools.

**Checks and Cash** - Payees may hand deliver or mail their checks and cash to the state office where they make their payment.
